### EXPRESS SAFE WAS WRECKED BY GANG

Daring Hold-up Near Seattle,  
Wash., Early This Morning.

One Hundred Shots Exchanged With  
the Robbers, Who Got Away  
With the Swag.

PASSENGERS ROBBED BY BOYS.

Seattle, Wash., Oct. 3.—The Great  
Northern overland train, which left  
Seattle east-bound last night, was  
held up by bandits, and the express  
safe blown with dynamite, ten miles  
from here.

More than a hundred shots were  
exchanged between the bandits and  
the train crew.

Two boys who got on the "blind  
baggage," here, as soon as the hold-  
up began, entered the passenger  
roughs and held up the passengers.  
They were captured, and claim  
they had no connection with the band-  
its.

The dynamite explosion almost  
tore the express car to pieces.

After the safe was dynamited, the  
robbers secured the contents and es-  
caped.

The train was flagged by robbers,  
and when it stopped the baggage and  
express cars were uncoupled by one  
of them.

The engineer was instructed to pull  
ahead, which he did several hundred  
yards, when ordered to stop. The rob-  
bery was then accomplished.

### CHARLES DEXTER IN BAD.

Former Manager of the Louisville  
Team, Stolen Man.

Des Moines, Iowa, Oct. 3.—Chas.  
Dexter, catcher of the Des Moines  
Western league ball team, while he  
taxicated last evening, stabbed and  
probably fatally wounded First Base-  
man H. Q. Bateman, of the Milwa-  
ukee American Association team,  
which has been playing a series of  
exhibition games here.

Dexter, Bateman and several other  
players of Des Moines and Mil-  
waukee teams, were making the  
rounds of the city in a cab. They  
drank heavily and when the trip  
ended, Dexter and Bateman quarreled  
over paying for the cab. Bateman  
called Dexter a vile name,  
whereupon Dexter drew a knife and  
slashed Bateman across the breast,  
the blade cutting into the lung. Dexter  
continued to threaten others of  
his associates until he was arrested.

Dexter is widely known as a ball  
player and was one of the youngest  
players to enter the National league,  
being signed with Baltimore at the  
age of 19. After several years with  
Baltimore he went to Louisville as  
manager; later on he started in with  
St. Joseph, in the Western league,  
but resigned and came to Des  
Moines. Bateman lives at Melissa,  
Tex. He and Dexter were long time  
friends.

Some men's natural bent seems to  
be patterned after a corkscrew.

### Big Back Tax Cases Against Tie Com- panies Come up at Smithland Thursday

Thursday several large suits for  
back taxes will come up at Smith-  
land. The total amount of property  
taxed to be taxed is \$1,550,000.

Attorney C. C. Grassham repre-  
sents the tie companies. He will  
have for there tomorrow and the  
agents of the various companies and  
their witnesses will reach there to-  
morrow and next day. The companies  
that are defendants are the Ayer &  
Lord Tie company, T. J. Moss Tie  
company, and the Bates Construc-  
tion company. The plaintiff, Sheriff  
T. H. Bush, asks that the tie com-  
panies be assessed at \$255,000 each  
and that the Bates Construction  
company be assessed at \$500,000.  
These are the gross amounts for five  
years with the exception of the lat-  
ter, which is two years.

### HANGED HIMSELF

Because of Ill Health, But Was Cut  
Down and Will Recover.

Mayfield, Ky., Oct. 3.—Mrs. Maude  
Rogers, living in the south part of the  
county not far from Wingo, tried to  
end her life by hanging, Saturday.

Mrs. Rogers is only 23 years of  
age, and had been married about a  
year. She is the daughter of New-  
ton Luther.

Her health is said to have been the  
cause of the attempt at suicide.

Members of the family discovered  
Mrs. Rogers directly after she had  
placed a rope about her neck and  
swung from a rafter in an outhouse,  
and a physician was called at once.  
She will recover.

### NEW DISPATCHER

MR. W. McCABE SUCCEEDS MR.  
L. NEAL.

Mr. Neal Resigned to Accept Service  
With the Rock Island Rail-  
road.

Mr. W. McCabe, third class dis-  
patcher in the local I. C. dispatching  
office, has been promoted to the  
position of chief dispatcher of the Pa-  
ducah district to succeed Mr. L. Neal,  
resigned.

Mr. Neal resigned his position to  
accept a position with the Rock Is-  
land road, his location not having yet  
been fixed. He has been with the I.  
C. for several years and succeeded Mr.  
J. S. Cheek as chief dispatcher here.  
He is an experienced dispatcher and  
in him the Rock Island will find a  
faithful worker.

Mr. McCabe, his successor, is a  
young man who has risen rapidly dur-  
ing the past several years in his  
profession. He was only a few weeks  
ago married to Miss Kate Sanders,  
daughter of Police Judge Sanders,  
and is a popular and deserving young  
man. His many friends will be  
pleased to learn of his advancement.

Mr. Neal in his departure from the  
city will leave a host of friends.

### Believed to Have Gone Down On Cantabria.

Manila, Oct. 3.—The Ameri-  
can ship Cantabria foundered at  
sea in the typhoon which swept  
over southern Luzon last Tues-  
day.

All aboard, 113, are believed  
to have been lost. Fourteen  
bodies, three Americans, were  
washed ashore on the coast of  
Luzon. All wore life preservers  
bearing the Cantabria's name.

### LIGHT REGISTRATION.

Reported Up to Press Time—Rush  
Expected After Supper.

From reports at press time, the  
annual registration today has been  
quite light. Very little can be told,  
however, until after the books close  
at 9 tonight. Many are waiting until  
after supper to register and a big  
rush is expected up to the closing  
hour.

### REFORM SCHOOL IS NOW OVERCROWDED

Inmates Paroled to Make Room  
for New Prisoners.

\$50,000 Will Be Asked of the Next  
Legislature for An Addi-  
tion to It.

NO NEW CHILDREN ACCEPTED

Lexington, Ky., Oct. 3.—The  
state reform school is reported in a  
very overcrowded condition. Fifty  
thousand dollars will be the amount  
of appropriation that will be asked  
of the state at the next session of the  
legislature in January for the school  
of reform of Kentucky. This money  
will be used in the erection of new  
buildings, and the enlargement of  
the present plant and equipment of  
the school.

When asked last night regarding  
this matter Prof. Doak, superintend-  
ent of the school, said that at the  
next session of the state legislature  
the matter will be laid before that  
body. He says the school sorely needs  
this money, as the present equipment  
is wholly inadequate to the demands  
upon the institution.

At the last annual meeting of the  
board of trustees of the School of  
Reform it was found necessary to pa-  
role about thirty inmates of the  
school whose full time was by in-  
means served, and this was occa-  
sioned by the crowded condition of  
the dormitories. It is almost impos-  
sible to add new inmates to the  
school without releasing some of  
those who have yet some time to  
serve there.

Regarding the use to be made of  
this money, Prof. Doak said that he  
would erect several new buildings.  
Among other things a new dormitory  
for the white boys and one for the  
colored boys, a hospital building,  
a new dining hall and a chapel build-  
ing in which all meetings would be  
held. These he said were imperative-  
ly needed, especially the dormito-  
ries and hospital building.

It is only by excellent management  
that that school has been so suc-  
cessfully conducted despite the ma-  
ny drawbacks to a smooth session  
by lack of proper facilities for prop-  
erly carrying on the work of the in-  
stitution.

### BOOKMEN MEN.

File Petition to Have L. M. Frost  
Adjudged a Bankrupt.

Louisville, Oct. 3.—Six creditors  
of Leonard M. Frost, of Hickman,  
Ky., took steps today in the United  
States district court here to have  
him adjudged a bankrupt. Frost  
has been doing business at Hickman  
as a general storekeeper.

The petitioners claim that August  
21, 1905, the defendant committed  
an act of bankruptcy by allowing  
Hardy Little and Co., of Union City,  
and J. Spradling, of Hickman, to ob-  
tain a judgment against him made  
which his stock of goods was attach-  
ed and sold.

### LORD MAYOR OF LONDON.

Entertained Gen. Claffee, U. S. A.,  
at Luncheon Today.

London, Oct. 3.—Lieut. General  
Claffee, of the United States army,  
was yesterday entertained at lunch-  
eon at the Mansion House by the  
Lord Mayor of London. Only a small  
and select number of guests was in-  
vited, including Ambassador Reid.

### CABINET MEETING.

First Since June 20 Held Today—Sec-  
retary Shaw Absent.

Washington, D. C., Oct. 3.—The  
first cabinet meeting since June 20  
was held today. All of the members  
were present except Secretary Shaw  
who is camping in Virginia.

False delicacy is real indelicacy.  
Half educated men employ the most  
frequent circumlocution and ambig-  
uities.—Landon.

### STREWN ALONG THE TRACK.

Were the Remains of a Paris, Ky.,  
Man.

Covington, Ky., Oct. 3.—The dis-  
membered body of a man was found  
in the tunnel at branch Bear, Ken-  
ton county, on the Kentucky Cen-  
tral branch of the Louisville and  
Nashville railroad. A railroad watch-  
man found portions of the victim's  
body strewn along the track and  
stopped the next train en route to  
Covington and placed the body on  
board. Coroner Tarvin found a laun-  
dry ticket in a pocket of the man's  
coat which bore the name of Wil-  
liam Riggs, Bourbon Laundry, Par-  
is, Ky.

A dispatch from Paris says Wil-  
liam Riggs, of that city, left on an  
extension train for Cincinnati Sun-  
day morning. He was 25 years old  
and worked for William Gallher, who  
conducts a grocery.

### INSPECTOR GILSDORF

MAY GET MR. GANO'S POSITION  
WITH THE KENTUCKY BOARD.

Reported Mr. Gano Has Recommen-  
ded Him for the Place.

Since the resignation of G. W.  
Gano, electrical inspector for the  
Kentucky and Tennessee board of  
underwriters, many applications are  
being placed with the board for the  
vacancy.

It is understood that the resigna-  
tion is effective at once and that the  
time will be spent in filling the  
vacancy.

It is tipped that Mr. J. G. Gilsdorf,  
electrical inspector for the city of  
Paducah, who is an expert electric-  
ian and well up in all branches of  
his profession, is favorably consid-  
ered for the place. He is a energetic  
young man and has done much good  
work since he began his duties as in-  
spector in Paducah.

Mr. Gano went around inspecting  
buildings in Paducah sometime ago.  
Mr. Gilsdorf was sent along by an  
electrical company to see what chan-  
ges were necessary. He made such an  
impression on Mr. Gano that the  
latter spoke most highly of him be-  
fore he left, saying he was one of  
the best electricians he ever saw any-  
where.

Mr. Gilsdorf really is one of the  
best electricians in the country, hav-  
ing been at the head of large electri-  
cal plants at the Chicago, Buffalo,  
Nashville, Omaha and St. Louis ex-  
positions.

Mr. Gano's health is bad and he  
desires to enter some other business.  
While he was inspector for the in-  
surance board he made two inspec-  
tions in Paducah.

### NEGRO SHOT TO DEATH AND TROOPS ARE ORDER- ED OUT.

Fort Worth, Tex., Oct. 3.—Dis-  
patches from Edna say that  
Monk Gibson, the negro accused of  
murdering the Condit fam-  
ily of fire was shot to death by a  
possee.

Three companies of the na-  
tional guard have been ordered  
to the scene of trouble and it is  
feared there will be a conflict  
between citizens and troops,  
when the latter reach Edna.

### Prisoners Taken to Edyville.

Sheriff Lee D. Porter left at noon  
for Edyville with "Dago" Johnson,  
colored, and Riley Cawley, colored,  
sent up for two and one years re-  
spectively for felonies during the  
September term of criminal circuit  
court. They were ill when the other  
prisoners were taken and unable to  
go.

### Decision Expected Tomorrow.

Judge W. M. Reed, circuit judge  
of McCracken and Marshall counties,  
is expected to render his decision to-  
morrow in the case against the In-  
terstate Life Insurance company, of  
Indianapolis. It is reported that he  
will decide in favor of the defendant.  
Judge Reed is now at Benton hold-  
ing court.

### DECISION EXPECTED AGAINST M'CRACKEN

In the Controversy in School  
District No. 26.

Both Ballard and McCracken Com-  
mittees Are Claiming Part of the  
District.

REPORTED M'CRACKEN'S LOSS.

Supt. A. M. Ragsdale, of the coun-  
ty schools, stated today that he would  
probably tomorrow receive the deci-  
sion of the state superintendent in re-  
gard to the dispute over school dis-  
trict No. 26, which lies in Ballard  
county, but which has been for years  
under control of the McCracken  
county authorities.

Last year when Miss A. D. Sub-  
lett, superintendent of Ballard coun-  
ty schools, attempted to secure the  
school tax from this district on the  
grounds that the district embraced  
Ballard county territory, the tax-  
payers payed the levy under protest,  
but according to Supt. Ragsdale will  
not pay at all this year if the state  
superintendent decides the district  
has come under Ballard jurisdiction.

"I understand that the state super-  
intendent will give the territory over  
to Ballard and am expecting this de-  
cision tomorrow," Supt. Ragsdale  
stated at noon. "I knew Miss Sub-  
lett made a trip to Frankfort in the  
interest of the matter and understand  
that the state superintendent will up-  
hold her, if he does it means the  
loss of \$200 annually from out the  
county school fund."

### ANOTHER CHAPTER

On the Fulton County Primary  
Miss.

Hickman, Ky., Oct. 3.—The cases  
of Luby Hargrove and James R. Mil-  
ner against Sam D. Lutep, county  
clerk of Fulton county, were  
heard by Judge Bugg at Clinton, Ky.,  
and decided in favor of Hargrove and  
Milner. These suits were filed be-  
cause Mr. Lutep refused to put their  
names under the democratic device on  
the official ballot to be voted for in  
the November election. Hargrove  
and Milner were nominated by an ir-  
regular primary and it was in de-  
fense of Mr. Lutep's position, in ac-  
cordance with the will of the citi-  
zens of Hickman and Fulton coun-  
ties that Messrs. Hoper and Naylor  
be placed on the ticket as county  
clerk and county judge, selected by  
a primary held at the instance of  
the wish of a majority of the people.

him about \$2,500 before he lands  
back in Washington again.

system of bookkeeping in the local

the most up-to-date offices in the  
state and it will require but a short  
time to make the change which is  
similar to those being made in all  
the Postal offices.

### Four Hundred Men Will Work an Hour a Day Longer in I. C. Shops Here

This morning an order increasing  
the working hours of the I. C. em-  
ployees in the locomotive department  
of the Paducah shops was posted,  
which means that about 400 men  
will earn one hour more each day or  
six hours per week, than heretofore.  
This will come as good news to the  
many machinists employed here as a  
cut was made several weeks ago and  
many machinists gave up their posi-  
tions and left Paducah as a result.  
The machinists and round house

## GOOD PLACE

FOR JACK SAUNDERS, FORMERLY OF DUN'S AGENCY HERE.

Reported He May Be Appointed Manager of Louisville Agency.

Many friends in Paducah of Mr. Jack J. Saunders, formerly local manager for R. G. Dun's Agency, will be glad to know that he is tipped for the highest position his company has to offer in the state—the Louisville Agency. Mr. Saunders is a son-in-law of Mr. M. B. Nash, of Paducah, and has many friends here.

Yesterday's Louisville Post says: "George Henderson, manager of the local mercantile agency of Dun & Co., according to report on Main street, has resigned his position with Dun & Co. to accept the position of president of the Atlantic Trust and Savings company, of New York city."

"It is said Mr. Henderson has recommended J. J. Saunders as his successor, and that in all probability Mr. Saunders will receive the appointment from the home office."

"An effort to see Mr. Henderson failed, but the report comes from an authoritative source, and is generally accepted on Main street."

"Mr. Henderson has been in charge of the local agency of the mercantile company for the past five years. He came here from Texas and took charge of the agency which has developed under his supervision into one of the most important branches in the southwest."

"The position he has accepted in New York is one of great importance, the Atlantic Trust company being one of the largest trust companies in the east. The fact that he has been called to take charge of the institution is a tribute to his ability, which is well merited, according to the opinion of business men in Louisville."

"Mr. Saunders, who, it is reported will succeed Mr. Henderson, has been with the local agency many years and is an experienced man in the mercantile agency business. He is also a man of marked ability, which was recognized by Mr. Henderson."

In response to inquiries Commissioner John W. Yerkes has announced from Washington that the ruling affecting alcoholic compounds labeled as medicines would go into effect December 1, and that after that date all collectors would be expected to prosecute it vigorously. The amount of alcohol requiring the payment of a special license by the dealer is not stated.

The order says that no list of medicines affected by the ruling has yet been made up. When doubt exists collectors are expected to take samples in the open market and forward them to Washington for analysis.

## METROPOLIS BOY THOUGHT HE WAS HIT

When a Stray Bullet Struck a  
Barrel Near Him.

Rev. C. H. Bessie, of East St. Louis,  
Sent to Methodist Church in  
Metropolis.

### OTHER NEWS FROM MASSACHUSETTS

Metropolis, Ill., Oct. 3.—Someone carelessly handling a 22-calibre pistol of rifle about 8 o'clock Sunday night, caused it to go off, with the result that the bullet sped across the street and buried itself in a barrel in front of Dave Zettler's residence, beside which a little son of Mr. Zettler's was standing. The incident so greatly excited the boy that he rushed into the house crying that he was shot and fell in a faint. Mr. Zettler, suspecting it the work of an enemy, grabbed his pistol and ran toward an alley which opens in front of his place of business and which would afford just such a place from which one could seek revenge. He fired the pistol twice, but neither saw nor heard anyone. Night Officer Wiant was attracted to the scene and after an investigation came to the conclusion it was the careless handling of a small weapon by some person and not an attempt to harm Mr. Zettler or his family.

Rev. C. H. Bessie of East St. Louis, succeeds Rev. W. T. Morris as preacher in charge of the Methodist church here, for the next conference year. Rev. Morris, who has been stationed here the last allowed by the conference, was sent to Cairo, while welcoming the pastor, the members of the church, and other citizens, regret to lose Brother Morris and his excellent family.

The following persons left on the afternoon train Monday to take in the Velled Prophet festivities at St. Louis: Paul Mulkey, Brown Benjamin, W. E. Warr, Mrs. Maude Davidson, Mrs. Amanda Shields, Fayte Parrish, C. E. Hilleman, Eugene Lafont and wife, Mrs. Rella James, Mrs. O. L. Thompson, Mrs. Walter McCawley, Billy Benjamin, W. B. Ward, Henry Rappendahl, Jr., L. O. Simmons and wife, Mrs. J. T. Willis, A. Z. Bruner, Sherman Hankin and wife, Tom Willis, Miss Lizzie Roby, Ed Sterns, Will Stelbeck and wife.

Mrs. Rose Kimball, of Anna, arrived in the city yesterday to spend a week, the guest of Mrs. Martha Kimball.

Rev. Orne and wife, the itinerant street preachers, did more preaching here one day than ever was known before in the city's history. They held services in the park on the "Sunny South," in the jail, the poor house, and also for the benefit of the denizens of certain houses on the river front. They travel in a skiff, sleep in a tent, claim Christ as their advance agent and never kick on his arrangements. They go from here to Cairo, after finishing the week.

Mrs. Dr. H. H. Harks and little daughter, Caroline, left this morning for a week's visit to friends in Princeton, Ky.

The "Sunny South" gave a splendid show to a packed and delighted house at the river last night.

Druggist H. J. Humma and wife are in St. Louis on a combined business and pleasure trip.

Capt. J. E. McCarty is in Springfield for a week attending a meeting of the state committee of the Farmers' Institute.

Senator Helm and Sheriff Smith are in Springfield.

John W. Peters left for Seattle, Wash., Monday. He was accompanied as far as St. Louis by W. P. Walker.

## SCOTT'S EMULSION

We don't put Scott's Emulsion in the class of advertised cure-alls; it doesn't belong there. We hardly like to use the word "cure" at all, but we are bound to say that it can be used for a great many troubles with great satisfaction. Its special function is to repair the waste of the body when the ordinary food does not nourish, and this means that it is useful in many cases which are indicated by wasting.

## ALFALFA SPECIAL PASSES THROUGH

Little or No Interest Shown in  
It at Paducah.

Left Today For Fulton and Returns  
Via Cairo Division of the  
Illinois Central.

### IT ENDS ITS TOUR TOMORROW.

The alfalfa and corn special which has been making a tour of the state in the interest of the farmers, arrived in Paducah last night at 6:30 o'clock, but no demonstration was made here and the train remained sidetracked and quiet until this morning at 7:45 when it left for Fulton to make a tour of the western end of the state coming around via East Cairo and the Cairo extension to Paducah and then the central portion of the state again.

The train is composed of one private car, two coaches and one baggage car. The train is in charge of Hubert Vreeland, commissioner of agriculture of the state, and he has with him his assistant, Mr. R. C. Crenshaw. The speakers or lecturers are Messrs. Joseph and Willis Wing, of Mechanicsburg, O., and Prof. Sherman, of the experimental station of Kentucky. The former two speak on alfalfa and the latter on corn.

The train started from Louisville about 7 o'clock yesterday morning, and made stops at Vine Grove, Lelich field, Beaver Dam, Rockport, Greenville, Dawson, Princeton, Kuttawa and Calvert City. There was an average of 125 farmers to meet the train and the lectures were delivered in the coaches.

The train will make stops today at Mayfield and Fulton and several stations between the two cities and will then go to Wickliffe and the towns on the Fulton and Cairo district of the I. C. coming back via the Cairo extension. The only stop in McCracken county will be made at Maxon's Mill, this afternoon, where a lecture will be delivered. The train will then go straight through to Marion and from there to Henderson and then to Louisville, ending its tour Wednesday.

There seemed to be little interest taken here in the coming of the train and no one was out to meet it. Those aboard spent a very quiet night and what little they saw of Paducah were highly pleased with the town.

The trip last week was a run from Cloverport to Louisville over the Henderson route. The entire tour will end Wednesday night, after the trip to Paducah and intermediate points and other stations in the Purchase section. Although at the beginning of the trip it was estimated that an average attendance of sixty persons would afford a successful tour, the average has reached nearly 50 and at times 200 and 300 people have heard the lectures.

These have gathered from all points within five and ten miles of the scheduled stops of the train, and on three occasions extra stops had to be made in the schedule in order to accommodate the demands made upon the commissioner. These stops were at Horse Cave, Ekron and Guston, and more than 100 farmers heard the lectures at each point.

Complete satisfaction has been expressed by the farmers at all points in the instruction given them, and although at times they have begged for additional information when the schedule time had expired, they were forced to be satisfied with promises of literature upon the subjects concerning which they wished information. Prof. Holden, the corn expert, said that the trip was far more successful than he had expected.

—Clyde Goodwin pitched a 9 to 0 game for Milwaukee against Des Moines, Ia., allowing but two hits.

## COUNCIL DID NOT ACT ON LEGAL OPINION

Left Contractors Free to Continue Work  
Under City's Direction.

The council board met in regular session last night with Councilman Ochschlaeger absent.

In regard to paying a bill of \$988 to the contractors for work already done on the Kentucky avenue improvement, the board referred the bill back to the finance committee.

City Solicitor James Campbell, Jr., gave his opinion that the contract was invalid because that ordinance under which the improvement is being made was given final adoption after the date set for the work to begin and also that the council was the proper body to prescribe the kind of material used and also to direct the fulfillment of the contract, and not the city engineer and board of public works.

He stated that inasmuch as the city engineer and board of works directed the work already done, he thought the city was liable for the bill, however, but did not think the abutting property owners could be made to pay any part of the cost.

Another point made in his opinion was that the board of works had no right to build one part of the street brick and the other bitulith. No action was taken further than referring the bill.

Mr. Sol Dreyfuss, of the Commercial club, addressed the board regarding the donation of \$500 towards buying a silver service for the gunboat Paducah. A committee composed of Mayor Yeiser, Pres. Geo. Ingram and Mr. Stanley DuBois, the latter of the Commercial club, was appointed to investigate and see if the city can legally make such a donation.

The finance report was read for the month of September. The treasurer and on hand Sept. 1, \$130,617.19, collections \$7,542.21, leaving a balance on hand October 1st, of \$108,332.77. The report was received and filed.

The matter of preventing possible accident on Second street on the west side of the market house from persons falling off the high pavement, was referred to the board of works. The street is three feet below the pavement in some places on this street.

The board refused to consider any

more petitions for street lights on account of the power house being at present run to its fullest capacity.

Jeweler John Fleich, who has charge of the city clocks was awarded the contract to repaint the face and put new hands on both the city hall and Baptist church clocks.

The board instructed City Engineer Washington to employ an assistant for the purpose of drawing up plans for a new sewer district in the West End.

The board ordered Caldwell street extended around the box factory to connect with streets in Littleville.

The horse show promoters were given privileges usually accorded carnivals and fairs—the use of the streets during the period of the horse show.

The following ordinances were acted on:

Ordinance imposing a fine on persons illegally using the city seal, second adoption.

Ordinance permitting the I. C. to run a spur track to the Hardy Engineering company plant at Ninth and Harrison streets, second reading.

Ordinance renewing the franchise of Owen Bros. to run a ferry between Paducah and the Illinois shore, second adoption.

Ordinance providing for the grading and graveling of Sowell street from Ashbrook to Haynes avenue, and Haynes avenue from Sowell to Bridge street, first reading.

Ordinance compelling sewer connections to new buildings built within the sewer district, first reading.

The I. C. asked permission to put down storm water sewers in its property back of the railroad hospital, agreeing to dedicate enough property for the opening of Fifteenth street from Broadway to Clay at the expense of the road. The council readily agreed to this.

Notice of the completion of extension of water mains on Kincaid, Bridge and Jarret streets in Mechanicsburg was received and filed.

Monthly reports from Chief of Police James Collins, Fire Chief Wood and Electrical Inspector Gilbert were received and filed.

W. H. Orr was granted liquor

license at 1027 Broadway.

The matter of alleged overassessment of W. P. Bradshaw and John Kelley was referred to the board of tax supervisors.

Barry & Henneberger were refunded a small amount paid in excess of their regular license tax, while a petition for refund for Otis Overstreet was referred.

The committee was ordered to take bids for head stones for Oak Grove graves at once.

The board of works was ordered to see that the sewers were extended from Fifth street on Trimble to the Ingram property for the purpose of connections.

City Engineer Washington was ordered to remove the public water fountain from Third and Elizabeth to a corner opposite its present location.

City Engineer Washington and Solicitor Campbell were ordered to draft an ordinance providing for uniformity in sidewalks.

The matter of securing numbers for automobiles, the same as is furnished by the city for wagons and other vehicles, was referred.

City Engineer Washington was given authority to have the street corner pavements on the Third street improvement made of concrete. From Adams to Kentucky avenue the pavements are brick in front of residences and City Engineer Washington wanted concrete at corners for better service.

The offer of Mr. Ochschlaeger to give the city six feet off his private property at Fourth and Broad streets was accepted and City Engineer Washington ordered to set the curbing back this far. This leads from Broad to an alley going down Fourth street. This will make Fourth street six feet wider at this point.

The labor unions' request for the same privileges usually accorded carnivals and fairs was granted. The unions are thinking of giving a carnival next year.

The matter of feeding a horse for Detectives Moore and Baker, they having bought a horse and buggy for official use, was referred. They also wanted the city to erect a small shed in the rear of the city hall for the horse and buggy. Both matters were referred to the police commissioners with power to act.

A wooden cabinet for filing papers, was ordered for Clerk Henry Bailey's office.

Street Inspector Elliott was ordered to make repairs to a culvert at Twelfth and Burnett streets.

Livingston and Crittenden counties are to have a new railroad. The survey is to be begun within the next few days. The proposed route of the road is from Salem to Marion or to Mexico, a short distance from Marion on the Illinois Central line. The road is to be built via Crittenden Springs and through the mineral lands.

All stock in the new bank which will be established in Hopkinsville with \$50,000 capital has been subscribed. The organization of the bank is largely due to the efforts of Gus T. Brannon, formerly of Owensboro. Mr. Brannon will be elected cashier of the institution, which will aid materially to Hopkinsville's banking facilities.

The work of erecting a union depot in Owensboro has begun. Ground has been broken on the site of the old L. H. and St. L. depot. A large force of men is employed and such excavation as is necessary will be accomplished in a short time. It is the intention of the railroad authorities that the work shall be pushed as rapidly as possible.

The work on the Southern extension from Harrodsburg to Danville is rapidly drawing to an end. The track has all been laid and the ballasting done.

Emmence is to have a large, new ice factory. It will probably start operations within the next ten days. It is but one of recent industrial additions to the town.

## OUR TICKETS.

The Republicans, in convention

assembled yesterday, acquainted the

people with conditions and the aims

and ambitions of the Republicans of

Paducah and McCracken county in

respect to public office. They might

have devoted columns to the sub-

ject of municipal and county mis-

rule, but it was unnecessary. They

instead concisely and dispassionately

alluded to conditions, and offer to

rectify them as far as possible. When

once a clique becomes entrenched in

power in a community it is hard to

get out. Its power increases, and as

its power increases, its extravagance

and indifference to public criticism

increase. This was shown not long

ago when misrule in McCracken coun-

ty became a public scandal, and

when an effort was made to get evi-

dence of alleged violations of the

law before the grand jury. It was

found that the grand jury for some

reason was unwilling to hear it. The

state inspector had been here, made

an investigation, and his report was

plain. It showed a state of ignorance,

indifference, incompetency or some-

thing worse, that demanded more

than it received—an apparently con-

verted effort to squelch the whole

thing. And it was squelched.

And this is only one instance.

We believe that people who live

here and expect to continue to live

here and prosper, want a good government, and believe that they are willing to do their part towards getting it. If a majority of the people are in favor of extravagance and incompetency, the minority must be satisfied.

But the people are yet to speak. In November many men will be candidates for many offices in city and county. Most of them are men who are known, and there is no reason anyone should vote unintelligently. The good men—the best men—should be elected.

It is to be left to the voters, and the voters should give the matter serious consideration between now and the election.

The Republicans have named men they believe will make good officers if elected. All are men worthy of the confidence of the people.

The Republicans ask every citizen of Paducah and the county to give the Republican nominees a fair consideration, to put politics aside and pick the best men. We believe such a course will redound to the greatest good to the greatest number.

The opinion that the bitulithic contract is invalid recalls the time a few years ago when the council was informed that the over-the-river railroad bonds were void and the city not only did not have to pay the interest on them but could not legally pay it. There was ample reason, from a technical standpoint, why the bonds were invalid, the most potent of which was that the statute had not been complied with. Yet all these reasons fell through when the case was tried out in court. It may be the same in this case. It does not require a very extensive knowledge of law to know that if the city is liable itself for a dollar of the cost of the work already done under this contract because of its own acts, the property owners are also just as liable for their share because of these same acts of the city's representatives, and neither probably is liable for a dollar if it can't be made liable for the entire amount. The tendency of the whole agitation seems to be to drag the city into more costly litigation and to suspend indefinitely. Important public improvements.

Politicians who raid a town, county or state treasury, and otherwise outrage the people, often seek to shield themselves behind the reputation of the city. "You are besmirching the fair name of our city," they wall in an effort to divert the attention of the public from their own meanness. It is indeed unfortunate that newspapers and political parties should have to show up corrupt conditions anywhere, for it is never a credit to any city, county, or state, although it is doubtful if it is not in the long run beneficial. When gangs have nothing left to resort to, however, they invariably spring the pious argument about slandering the city. It is not slandering the city to dislodge the parasites. It is doing the city good.

The city cannot remedy conditions in the West End by cutting down the grade of Bradshaw's creek, or by draining it. The only way to dispense with the nuisance is by preventing persons from draining filth into it. As usual, however, the city has gone about it wrong and the people have very little hope of the present plan benefiting anyone. In places where formerly the filth was covered by water the water has been drained, leaving exposed several inches of slime and filth to dry and contaminate the atmosphere. The only way to do away with this "open sewer" is by preventing anything being drained into it. It would be bad enough if nothing but rain water went into it, to stand and stagnate.

This hair splitting law business doesn't pay. The courts sometimes use common sense these days in deciding a case. This is particularly true in federal court, where the street contract will have to be taken if it gets into the courts.

There is one thing about President Roosevelt, as exemplified by his decision to visit New Orleans on his trip south, and that is that he is not afraid to go anywhere any of his constituents are.

All Republicans should register today or tonight. Polls are open until 9 p. m.

## Theatrical Notes

Tuesday night, "The Little Minister."  
Friday night, "The Royal Chef."  
Saturday, matinee and night, "The Little Minister."  
....."Fable Roman."

"The Dainty Duchess" burlesque extravaganza, a somewhat infrequent form of entertainment for Paducah theater goers, pleased a small audience at the Kentucky theater last night. The performance was burlesque and vaudeville, and some of the features were very good. The comedy work of Harry Keeler, as the Irishman, Chris Whelan, as the Dutchman, and Joe Watson, as the Hebrew, was very fine, and Watson's parodies on popular songs brought down the house. Whelan's singing was also good. Tom Hanlon in songs and other specialties was about the only female member of the company worthy of special mention.

Berg's Merry Girls in singing and dancing and acrobatic feats was a novelty that took well. They are all six German and are very versatile entertainers. The acrobatic feats of Mareena, Navarro and Mareena were also good. A lively chorus adds to the attractiveness of the program.

"The Little Minister" will be presented at the Kentucky theater this evening, and a capable company will interpret this beautiful play. The program for Prof. Wm. Deal's orchestra is as follows:

March, By a Babbling Brook—Marshall.

A few old Caledonian Melodies—Selected and arranged by E. N. Catlin.

Innocence Waltzes—Mabel Gohl.

Chas. K. Harris' latest ballad success—Would You Care?

Scherzetto, As You Like It—H. Pabst.

Exit March—The Bonnie Brier Bush.

A "company" has been formed to star "Marvelous Marvin" in a "melodrammer," to be called "A Kentucky Gentleman," and the former plumber is to act the part of a Breckinridge county mountaineer falsely accused of feigning and moonshining. He tells the villains, who attack him on every hand, however, and in the end enters the ring and becomes the champion of the world, a title which Hart really claims. This Hart is beginning to wake from his lethargy," writes Charley Foster, who, with Bob Gray, used to bring about some great battles in Louisville, "and I think he means business. He is a fighter of the rough-house class and can take more punishment than any man in the business, not barring Jeffries. He'll lick Fitzsimmons and Jack O'Brien will be straw in his hands."—Evansville Journal-News.

J. M. Barrie's most brilliant masterpiece, "The Little Minister" is a quaint picturesque, wholesome attraction which is woven with clever sweet situations, and might be styled a clever comedy.

This play was originally produced by Maude Adams, at the Criterion Theatre, New York City some three seasons ago and has since served this famous actress as a vehicle ever since. The play is peopled with human characters taken from real life whose every move is watched and criticised by the ever watchful deacons of Aud Licht Kirk, the church of Scotland, at The Kentucky tonight.

For spectacular effects "Fable Roman," the great romantic melodrama, based upon the famous novel of Marie Corelli's is said to eclipse anything in the line yet seen out from New York. On Saturday the original New York production, with all the scenery and accessories used in this New York production, will come to Paducah and will play for matinee and night at The Kentucky. This will be one of the events of the theatrical season and it goes without saying that there will be no empty seats.

Although one of the youngest in years, La Belle Blanche is one of the strongest members in the east which will present "The Royal Chef" at The Kentucky on Friday night. This little girl is only sixteen years old, but already has won for herself a niche high up in the temple of dramatic art. This little girl has been on the stage for a number of years, and under the tutelage of her mother has made a study of leading actors and actresses on the American stage. Her imitations of George N. Cohan, Ethel Levy, James T. Powers, Eddie Foy and Marie Dressler are without equal anywhere. In the role of Kitty, the Irish maid in "The Royal Chef," she has ample opportunity to display her talent as well as a mimic.

At Her Best

In late summer Colorado is at her best. The green of the verdure on mountain and meadow is slowly turning to crimson and gold. Afar looms a peak whose snow-capped summit is enshrouded in autumnal haze. The air is laden with the spice of mountain pines and fir trees.

Colorado is surely the best place to go for the autumn vacation.

### Found Fortune in an Old Box.

Lexington, Ky., Oct. 3.—The discovery of a tin box hidden away for a quarter of a century in the Fayette National bank means several thousand dollars, perhaps, to the widow and children of the late Geo. D. Lancaster, of this city. Major J. S. Bullock, while looking among some old papers, discovered the box, which was covered with dust, and at once notified Mrs. Lancaster, who now resides in Georgetown. Upon examination it was found that in the box were a number of valuable papers, among them being a deed to a tract of land at the corner of Winslow and Limestone streets, and stock certificates in an insurance company. The papers were turned over by Mrs. Lancaster to her attorney for investigation.

## CHEMISTRY ONE OF THE BEST STUDIES

High School Pupils All Take a Great Interest in It.

Extensive Improvements and Additions to It This Year—Weekly Lectures in Schools.

RECTOR WRIGHT IS THE FIRST.

The department of the High school which is probably most interesting to the students is that in chemistry.

The laboratory was partially fitted out last year under the direction of Prof. Sullivan, but is more complete this year. Improvement after improvement has been made, necessitating the removal of the laboratory to a larger room. This morning laborers began excavating to put in gas which will take the place of alcohol lamps. This will furnish a better heat and be more economical. The piping will be finished in a day or two.

This work in science has been needed in the schools for sometime. It is interesting and holds the attention of the student stronger than any other class of school work. Prof. Woodbury, who is in charge of this work, states that he is highly pleased with the interest taken in the work and with the treatment of the authorities in supplying the needs of his department.

Yesterday it was decided to have weekly lectures in the auditorium of the school by some local clergyman or attorney—in fact, any good speaker. The teachers have been practicing this for the past two seasons and the best of results have been obtained. This morning Rector, David Wright, of the Grace church, delivered the first talk. He will be followed next Tuesday morning by some other clergyman or speaker to be selected at a later date. It is the intention of the authorities to have some speaker in every branch of the profession to deliver an address.

## MANY REPEATERS

LEAVE ST. LOUIS FOR LOUISVILLE TO REGISTER THERE.

Will Return and Vote the Democratic Ticket Next November at the General Election.

Voters of Louisville, Ky., will be treated today, tomorrow and Wednesday to a sample of genuine democratic Indian tactics by a large delegation of the toughest, most experienced and best-known repeaters who could be gathered in St. Louis, says yesterday's Globe-Democrat.

A body of eighty of these "practical politicians," all of whom have done yeoman service for the democrats in recent campaigns in St. Louis, left the city early yesterday morning on an excursion train for the Kentucky metropolis. They departed under a leader whose ardent work in the interests of the local democracy has secured for him a good position with a prominent democratic boss of the city. The belief seems to be entertained by the "Indians" that by arriving in Louisville with a large number of other excursionists their identity and the real purpose of their visit would not become known.

Registration for the city election in Louisville next month begins today and ends at sundown Wednesday. During this interval the St. Louis repeaters will doubtless work wonders toward increasing the population of Louisville on the registration lists. When the election is held the services of these men will again be in demand to vote the fictitious names they are to register.

Two democratic tickets are battling for supremacy in Louisville, one being the regular democratic machine ticket, headed by Paul C. Barth; the other, an independent democratic ticket, whose candidate is Joseph T. O'Neal. It is in the interest of the machine ticket that he St. Louis repeaters will work.
